## Whole School Overview

This whole school overview gives a brief outline of each term, for each year group. Each term & half-term is made up of the following:

**Theme:** Our curriculum is split into three themes (The Churchfield R's). Each theme links to a wider global citizenship issues. Respect (Peace & Conflict), Responsibility (Sustainable Development) and Resilience (Identity & Relationships).

Aspect: The aspect in half-term relates to the specific part of the Global Theme that a cohort will focus on. These are broad and well-balanced across all year groups, and address real world issues and concepts that we feel our pupils need to have a deep knowledge of.

Focus: The focus of a half-term is the context that an aspect will be delivered through – some subjects will be drivers and intertwined with this aspect, others will be taught as discrete topics.

**Core Text(s):** The Core Text is the main stimulus for that term's learning. These texts are chosen specifically to link to the Global Theme, Aspect and Focus and provide our pupils with engaging and thought-provoking texts, that also have a focus on widening vocabulary.

Our curriculum is designed so that whilst the Global Themes & Aspects covered will remain broadly the same year-on-year, the focus and specific content may change and adapt to suit the specific needs of a cohort and reflect what is happening in the world at that point.

YEAR 1						
TERM	AUT1	AUT2	SPR1	SPR2	SUM1	SUM2
THEME	Self-Belief	Determination	Respect	Teamwork		
ASPECT	Self-Identity	Determination	Protecting The Environment	Keeping Safe	Differences
